

DID YOU KNOW...

April 2006

The Village policy for utility arrangements has been revised. In order to avoid any misunderstandings, customers requesting the Village to make arrangements must now do so in person.

A building permit is required to construct or install an accessory building such as sheds and garages. A permit is also required to install a new fence or replace an existing one. Fences are required around all swimming pools with a depth of 36 inches or more, including hot tubs and spas.

The Village of Paw Paw and the Paw Paw Downtown Development Authority have grants and loan programs available to assist businesses.

Look for next month's did you know insert. Thank you for being a good, loyal customer. Contact Village Hall for further information at 269-657-3148.
