

DID YOU KNOW...

October 2007

October is the national “Change a Light, Change the World” education campaign. This campaign encourages Americans to switch to ENERGY STAR efficient lighting. At a minimum, ENERGY STAR recommends installing qualified compact fluorescent lightbulbs in fixtures that are used at least 15 minutes at a time or several hours a day. To promote energy efficient lighting products, many retailers will have compact fluorescent bulbs on sale throughout the month of October.

Halloween is quickly approaching. Children will be allowed to trick-or-treat in the Village on October 31. Parents use your discretion for hours to trick-or-treat. Also, please read the Christmas Decorating insert and participate in the Holiday festivities.

Look for next month’s did you know insert. Contact Village Hall for further information at 269-657-3148.
