

Big Time Need

Soon every 1 in 5 Americans will be 60 years of age and older.

Since there are very limited services for older people in many areas of Van Buren County, we as a community need to help make that change today.

Costing less than a cup of coffee per day, we can have a full array of services for seniors that will increase their health, independence and overall quality of life.

Call Jennifer Carver @ 1-866-627-8904, Call Pat Winston @ 269-657-4776 or Jennifer Kellerman @ 269-624-4811.

Senior Services**

***Making the Mature Years,
Better Years!***

Big Time Need

“All I want is to be able to stay in my home”.

“My spouse is gone, I know I need help, but...”.

“My children don’t live here anymore and I fell this morning trying to get to the bathroom”.

Who are these people? It’s the insurance salesman who coached little league baseball for 25 years. It’s the high school English teacher who spent her evenings tutoring children.

They are the face of the community as it matures...They spent a good portion of their lives here...being part of and often giving to our community. And now, they need a little help.

Unfortunately, in many parts of Van Buren County, there are few services that help seniors.

Seniors want...

Information and Assistance

In-home Care Assessments and Care Management

Affordable In-home Care

Senior Center Services

Senior Nutrition Services

Volunteer Opportunities

Medicare/Medicaid Assistance

And So Much More!
